

恋宇宙 ∞
Space Love is Endless

Please

stop crying
me that!

'Kari-tama'!

We're in
the same
class again!

Ding
Dong

Ffffff

I think that
name is nice

That
doesn't
fit

Kari's Meko
or for short,
'Kari-tama'!

I don't
like what
you're
saying,
you
know?

And if the
first time
I've met you!

Oh?

You're Kari-
tama-san.

!!

She noticed the
boy was a lot
different from
the other kids.

And gradually

One
year
later...

it turned
into love

Sorry

I am
Anon

I come from
a noble lineage
and serve the
Noah-samas
loyally

On my planet
you Earth
humans are
called cat like

Calm down
Kans-hama-san,
it's okay

But
But the
cat.

Noah-sama
who is this?

That's my
classmate,
Kanshama-
san.

Simple Simple pet cat

Is this the Grade 4
Tepanaka Technology?
G.A.

O-Of course
there's not a
zipper or a
place to put
a bathery

No way
Then

Noah-kun
was telling
the truth
when he
said he
was an
alien?

And he really
does have to
return to his
home planet?

Noah-kun's
not going
home!

I did not think
we'd be running
from here.

Every-
one,
after
them!

Noah-sama
is being
kidnapped!

Kara hama-sane
ability to take
action is amazing!

Runnn!

Noah-
kun,
quick!

みんちゅ

That's not something you should say about yourself

Give me a second, I need to think.

Anyway where are we hiding next?

I always act without thinking and end up failing.

I'll take care of you next time.

I'm growing to like him more and more.

Nash-kun.

Whenever I see Kari-kun being so honest with me

I somehow feel excited.

OKAY!

Since it's come to this, I'll fight with that cat butler until the very end!

I know it,
I like him

Even though he
dumped me...

I still love him.

That's
why...

I don't want
him to leave,
no matter
what!

301-1

Noah-kun,
Kari-tama girl

Found you

meow
meow

No way,
those cats
have my
house
surrounded

I wonder if
that means
my house is
the same...

Capture
them!

Who are
you calling
Kari-tama
girl?

Don't give
me weird
names!

Cats
just
like
cats
-cats-

Sardines
& catnip

302-1

I will not
allow you
to kidnap
Noah-sama.

Miss
Kari-
tama!

Meow!
Meow~

I knew they
were cats!

Good thing I
brought that

Craap!

Everybody,
calm down!

I
I'm okay

More
importantly,
we need to
hurry quickly

Are
you
okay?

Sorry

Kyaad

Don't go

I love you
Noah-kun,
so please
don't leave
me!

Today, Karl-
tama-san
said she
loved me.

Really—

It's fine

In the end,
I had a
lot of fun
with Karl-
tama-san

How can
you say
something
like that?!

I'm still
doing my
best here!

I won't
give up

Even your
parents are
waiting to
welcome you
back home.

You promised
your visit to
Earth would
end today

No...

I feel fun,
Kari-kama-san.

I'm sorry
for everything

Goodbye

I won't
give up!

Ahh.

Once again I'm
acting without
thinking of the
consequences

I was just
respectful
of what
am I doing

Kore-tama-
san!

said that.

?

Even
though

Nash-kun

I don't want
anything to
take you
away!

I want to hear
Noah-kun's honest
response to my
confession!

I love you

ほっ

.....
Kari-tama won't
be able to eat
if she gets too
lonely

That's my
excuse

He's fumbling
his words.

I enjoy being
together.

So.

I don't
want to

leave.

But.. he's
saying this
himself..

Till my parents
I'll be studying
abroad for
a bit longer

Okay

I might never
be able to let
you go

Don't say
that
Nash kun

If you say
something
like that

Yeah...

That's fine

I will never
let you go

Noah-sama,
Kore, taei
sai!

If that happens,
I'll also take
responsibility
for leaving you
on Earth.

In love
with an
alien...

Bride.?

How nice
of you,
Anast!

FlaPur!

I look forward
to the day when
you bring her
to our planet.

En!?

It seems I have
still more trials
to overcome...

Eh?
You will?

And I'm sure
I can turn
Miss Koro-koro
here into a
proper bride.
Anast!

Space Love is Endless

This is the second work since my debut.
I'm sure if I were to look back on it...
it'd be pretty embarrassing.
I can't do it.
My drawings have changed quite a lot.
Even now, I don't want to write, only
talk. I'm like that.
I had asked if I could freely draw.
I... think not.
Sakura's and Asahi-san's high school
uniforms are becoming a model.
Maybe they'll resemble them a little
white jacket uniforms...

Thanks for everything
up to now!

Katsuragi Studio

"I'd be happy
to hear your
impressions."

Okay,
it

Work is
finished!

Thank you
very much!

Okay,
everyone's
turn.

To our readers of *Shōjo*,
the *Shōjo* editorial department,
all of the designers, and thanks
to everyone at the print shop
for helping to put out this
issue!
